ROBOTICS AND AUTOMATION. As a pioneer in robotics and automation technology, KUKA Robotics is one of the leading manufacturers of robotic systems. Welcome to EPSON Robots – Epson Robots ABB is a leading supplier of industrial robots, modular manufacturing systems and service. A strong solutions focus helps manufacturers improve productivity, Robotics - Wikipedia, the free encyclopedia Rethink Robotics is leading the way in Advanced Robotic Technology; changing the way robots are used in research and industrial settings! Learn more! Introduction to Robots Robotics is the study of robots. Robots are machines that can be used to do jobs. Some robots can do work by themselves. Other robots must always have a Stay updated on the latest robot news and the evolution of robotic technology. Articles about drones, virtual robots and artificial intelligence. A robot is a machine designed to execute one or more tasks repeatedly, with speed and precision. There are as many different types of robots as there are tasks
